## ENDORSEMENTS

**"The first and only songwriting class I took was from Dave Pedde.**

At that pivotal time in my life, Dave gave me a full range of tools that still inform my writing today.

Recently, I found an opportunity to sit in on a songwriting session with him again - this time my sons were in the room with me, and I was prompting them to take good notes!

Dave has an amazing perspective on the integrated life, and speaks seamlessly about the practical craft of songwriting, the heart of the writer, the role of the faith-informed artist in a community.

**He is the kind of teacher and mentor I want the creative people in my life to know!"**

*~ Sara Groves, singer-songwriter*

**"Dave is passionate in his desire to see people experience the presence of God.**

Dave is a mentor and works alongside other musicians to help them realize their full potential. Sitting with Dave over coffee has given me an appreciation for his heart to serve the church, its leaders and the Kingdom of God.

**I would, without reservation recommend Dave Pedde to assist your church in worship leading, worship seminars, training, preaching and teaching."**

*~ W. Shannon Potter, Lead Pastor, Evangel Church*

**"Dave has been one of the most significant influencers in my life** over the past 25 years.

I have so many Dave Pedde one-liners that I have taken to heart... here's one example...

**"you will know if you have the heart of a servant by how you respond when you're treated like one."**

*~ Greg Wyton, Lead Pastor, New Hope Community Church*

**"Dave's humble and Christ-centered heart is evident from the time he begins leading a service right through all of the elements until the benediction.** He carefully puts thought and prayer into bringing all the components of the service together in a spirit led and unified manner that really drives home the theme of the message...his worship songs... favorites...for their style and content...two full sessions of training with our leaders and teaching pastors that focused on how to construct a worship service that brings in various elements of Call, Compliment, Creed, Confession, Care and Commission. We have found this invaluable to really formulating a cohesive, meaningful 60-minute service that incorporates music, sacraments and the spoken word. **It has also been unifying for the teaching pastors and worship leaders.**

*~ Paul McIlwraith, Teaching Pastor, North Park Community Church*

**"Dave exhibits an extremely high skill level as a pianist and guitarist, and an easy voice to listen to and engage with in worship.** I have seen him work successfully with both professional musicians and church volunteers. David has the ability to put every one at ease while maintaining a high level of musicianship. David is also a **song writer and arranger** who has many published and recorded worship songs. His songs are marked by easily singable melodies with thoughtful and biblical lyrics.

I would consider Dave a **scholar and theologian** particularly in the field of worship. His thirst for the Word and desire to represent Christ in his daily life act as an umbrella to all of what he does. In short, he lives out what he teaches. I would give Dave my highest recommendation

*~ Larry Bach, Dean of College of Fine Arts, North Central University*
