## david j. pedde

Name Paul McIlwraith Teaching Pastor  
Position/Title Teaching Pastor  
Organization North Park Community Church, London, ON  
Contact [website](#)

Quote Dave's humble and Christ centred heart are evident from the time he begins leading a service right through all of the elements until the benediction. He carefully puts thought and prayer into bringing all the components of the service together in a spirit led and unified manner that really drives home the theme of the message. Dave has also introduced a few of the worship songs that he has composed and they have become favourites at North Park for their style and content.

One of the areas that we have been particularly blessed by Dave is in his training of our worship leaders. Dave has run two full sessions of training with our leaders and teaching Pastors that really focused on how to construct a worship service that brings in various elements of Call, Contemplation, Creed, Confession, Care, Carry and Commission. We have found this invaluable to really formulating a cohesion, meaningful 60 minute service that incorporates music, sacraments and the spoken word. It has also been unifying for the teaching pastors and worship leaders.

I would not hesitate to recommend Dave in leading worship, teaching and training worship leaders in any environment. He has personable demeanour that engages his audience and makes learning poignant yet easy. He is a regular guest worship leader at North Park every year and our congregation looks forward to those weekends!
